

DPD 6803-55
28 DEC 1959

MEMORANDUM FOR: Directorate of Plans
Deputy Director for War Plans
Headquarters, USAF

ATTENTION :
SUBJECT : ELINT Test of F2V7 in Washington, D. C. Area

25X1

1. It is requested that the F2V7 at Eglin AFB be deployed to Andrews AFB on 11 January 1960. Purpose: To fly two four-hour electronics reconnaissance missions in conjunction with special ground equipment (K band) provided by the Naval Research Laboratory, Washington, D. C. One mission will be flown on 12 January 1960 and one on 13 January 1960. If subsequent coordination with the NRL results in a change of plans, your Headquarters will be notified.

2. The following crew members are requested to deploy with the aircraft:

- a. Pilot
- b. Co-Pilot
- c. Navigator
- d. Test Project Officer for ELINT
- e. Flight Engineer

3. Flying hour costs to cover this deployment are available.

FOR THE DEPUTY DIRECTOR (PLANS):

WILLIAM BOWEN
Colonel USAF
